PROFESSIONAL SUMMARY

Dedicated Computer Engineering student at Savitribai Phule Pune University with a strong foundation in programming, problem-solving, and software development. Gained hands-on experience in C, C++, Java, Python, and SQL during studies at Government Polytechnic, Murtizapur. Completed an internship in Android application development at Mountreach Solution Pvt. Ltd., refining skills in building and optimizing mobile apps using Android Studio and delivering impactful solutions in collaborative environments. Possesses expertise in Data Structures and Algorithms, specializing in creating responsive, user-friendly web interfaces with HTML5, CSS3, JavaScript (ES6+), React.js, and more. Committed to addressing UI/UX challenges and exploring emerging technologies in AI/ML and cloud computing.

WORK EXPERIENCE

Intern
Mountreach Solution PVT.LTD, Amravati | Sep 2023 – Dec 2023

An internship focused on Android Application Development using Android Studio and Java for backend logic and XML for UI design. Interns gain practical experience in building mobile apps, designing responsive layouts, handling user interactions, integrating APIs, and debugging applications. This hands-on training prepares students to develop and deploy functional Android apps efficiently.
